

To whom it may concern: I am writing to express how very important K-LOVE radio is to me and my local community. I know several listeners who, like me, find great encouragement and hope in listening to K-LOVE. This is the greatest station in our area that is truly positive, encouraging and family-safe, friendly and inviting. It would be devastating to lose this station as many people find great encouragement in a time when public radio leaves much to be desired.

Regards,  
Kelly Dobson
